Dear Resident / Occupier,

**Timberlake Road Pedestrian Subway, Church Street**

Mott Gifford is working with Hampshire County Council to improve the existing Timberlake Road pedestrian subway to make it more attractive to use for pedestrians.

We would like to listen to the local community views on the subway in general and have a chance to display our proposals for improvements. In order to do this, we are holding an exhibition of the proposals at Church Cottage Hall, Church Street on Thursday 5<sup>th</sup> October between 4.30PM and 6.30PM and we would be grateful if you could spare some time to attend.

If you have any queries regarding the exhibition please do not hesitate to contact me further.

Yours faithfully,

Mark Dewson  
for Mott Gifford
